AMENDMENT "C" AFTER FINAL ACTION

Honorable Commissioner of Patents
and Trademarks
Washington, D.C. 20231

RECEIVED
JUL 24 1991
GROUP 250

Sir:

In response to the Office Action dated April 19, 1991, please amend the
above-identified application as follows:

IN THE CLAIMS:

Please cancel claim 14 without prejudice.

Claim 16, line 7, change "polarity of" to --plurality of--.

REMARKS

Applicant acknowledges with appreciation the indication that claims 16-56 are
allowed. An amendment has been proposed to allowed claim 16 to correct a typographical
error.

While the continued rejection of claim 14 on the basis of "obviousness-type double patenting" over claim 12 of the '349 patent is believed to be improper since these claims recite two distinct and separate inventions, claim 14 has been canceled with this amendment in order to obtain early allowance of this application and to avoid further expenses.

In view of this amendment, the present application with claims 16-56 is in condition for allowance and such action is respectfully requested.

Respectfully submitted,

Nate F. Scarpelli, Reg. No. 22,320
